TOWN BOARD RESOLUTION**

April 20, 2023

TOWN OF SENNETT LOCAL LAW NO. A-2023
 (“A Local Law Changing the Office of Highway Superintendent
from Elective to Appointive in the Town of Sennett”)

Councilor Rizzo introduced proposed Local Law No. A-2023, entitled “A Local Law Changing the Office of Highway Superintendent from Elective to Appointive in the Town of Sennett” which would, effective January 1, 2024 and subject to a mandatory referendum, abolish the elected Highway Superintendent Office and create a new appointed Highway Superintendent office who would serve at the pleasure of the Town Board in the Town of Sennett, and made the following motion, which was seconded by Councilor Gagliardi:

WHEREAS, pursuant to Municipal Home Rule Law § 10(1)(ii)(a)(1), towns are permitted to adopt local laws relating to the mode of selection and term of office of its officers and employees; and

WHEREAS, no other agency has the legal authority or jurisdiction to approve or directly undertake the enactment of a local law in the Town of Sennett, such that there are no other involved agencies within the meaning of the New York State Environmental Quality Review Act (SEQR) with respect to the proposed enactment of said Local Law, with the result that the Town Board shall act as lead agency in this matter; and

WHEREAS, the adoption to said Local Law is an unlisted action for purposes of environmental review under SEQR; and

NOW, THEREFORE, it is

RESOLVED AND DETERMINED, that the enactment of proposed Local Law No. A-2023 is an unlisted action, there are no other involved agencies and this Board shall act as lead agency in this matter for purposes of SEQR review; and it is further

DATED: April 20, 2023

In addition, he has been working with the Zoning Board with regard to Owens-Brockway's variance for a furnace upgrade.

- b. **Bookkeeper** - Bookkeeper Major advised she will do the budget transfers to reserves. All reserves are in Savannah, were at .15% and increased to 4.65%. With regard to the NYS AUD annual financial report, the cost would be \$1,500 per year for the auditors to complete each annual report. 2020, 2021, 2022 need to be completed. This is a very involved report and the auditors are versed in this report and to have the auditors complete this report along with their annual audit, would be beneficial. To outsource would cost the same as the auditors. Bookkeeper Major advised the Board she would like to discuss transferring checking account money into NYClass. Their current rate is 4.71%. LNB's rate is not as good. A discussion is held by the Board and Bookkeeper. Supervisor Blair advises the matter will be tabled to next month or during a work session to discuss same and have NYClass and LNB appear.

- c. **Planning Board** – Supervisor Blair advised on behalf of Chairman Leamy that the PB passed the Auburn Auto Group Site Plan and the site plan review will be on the agenda for May. Owens-Brockway is on the agenda for approval in May.
- d. **Codes/Zoning Enforcement Officer** – Code Enforcement Officer Gilfus advised his report was in the Board’s packet. Issued 4 permits. He has been following up on previously issued permits. Has done a few fire inspections. Issued a violation notice to resident for portable storage unit.
Councilman Wellauer read the report of Zoning Officer Vevone who advised Mr. Vevone has been busy working on lot line adjustments, working with Owens-Brockway on variance, attending the Ad Hoc Committee meeting, various calls, attending zoning board meeting.
- e. **Assessor** – Councilman Rizzo read Assessor Lowe’s report advising he has been processing exemptions, meeting with owners and following up with phone calls and letters, new building permits were entered into the program, and has set grievance day for May 30, 2023.
- f. **Fire Department** – No one was present to report.
- g. **Highway Dept.** - Highway Superintendent Kristopher L. LaPointe advised his report was in the Board’s packet. Dumpster Days will be May 6 & 7. Superintendent LaPointe presented two 284 Agreements for the Boards review and signatures. Wegman Street not to exceed \$94, 910; Quincy Hill not to exceed \$19,747; Barrington Way not to exceed 38,146.10; and Cambridge Circle not to exceed \$14,754.00. All expenditures are within budgeted funds for this year.

A motion is made by Councilman Edmunds and seconded by Councilman Wellauer to authorize the Supervisor and Councilman to sign the two 284 Agreements and allow Highway Superintendent LaPointe to proceed with the referenced road work as written. With no further discussion, a roll call vote is taken.

Mr. Sevier, who runs the Sennett Rural Cemetery on Grant Avenue, has asked if the Town would take over mowing the lawns as they do not have the funds to cover the mowing cost at a current cost of \$4,000 per year. Supervisor Blair advises that the NYS Cemetery Board says that if the cemetery is open to the public, the Town can, if it so chooses, it can be considered a maintenance of the Town. Highway Superintendent LaPointe advised the Highway Department employees do not have the time to take on this task.

Superintendent LaPointe advised the Board the town hall parking lot will be milled on Friday, April 22nd and paved on Monday, April 26th. The Highway Department also put more drainage in the driveway.

h. Water Dept. - Water Superintendent Kristopher L. LaPointe's report was in the Board's meeting packet for their review. The rate increase notice is on the website and letters were mailed to the residents. Replaced meter heads, there was a water break on Barrington and fixed that.

Meter Heads - With regard to the meter heads, three estimates have been received. Ferguson (\$159,130.00) 5G meter heads only needed, Ti Sales (\$219,165.18) replace meter body and head, Blair Supply (\$234,084.00) replace meter body and head. Superintendent LaPointe advises Ferguson would be the best option as there is a 20 year warranty (10 year warranty plus additional 10 year pro rata warranty), and it is compatible with our current program of MasterMeters. The \$159,130.00 cost broken down is: \$154,830 for 780 meter heads, \$3,350 for the Allegro upgrade and case, \$950.00 for FCC license. Each meter cost is \$198.50 per household and billed quarterly to the household at \$49.63 per quarter. For Town employees to do the installation, the cost would be \$8,283.36. All costs would be charged per district. Superintendent LaPointe will obtain installation quotes from outside sources to compare the cost and will report at next meeting.

Resident Jim Jeffers asks why the residents are being charged for meter heads. Water Superintendent LaPointe advises it is per town law that residents get charged that cost. The homeowners own the meter and are charged for the meter.

A motion is made by Councilman Edmunds and seconded by Councilman Gagliardi to accept the Ferguson bid in the amount of \$159,130 (\$154,830 meter heads; \$3,350 Allegro upgrade; \$950 FCC license) for the 5G meter heads. \$198.50 will be charged per household (to be divided over four quarters (approximately \$49.63/quarter) and the other expenses as presented divided pro rata per district. Supervisor Blair opens the discussion up to the public for comment. Resident Jeffers asks where the money is originally coming from. Supervisor Blair advises the money will originally come from the general fund, but will confirm with Comptroller to proceed with general fund money and pay back to the district funds.

Effective May 1, 2023 the new rates will be \$67.50 for the first 7,500 gallons and \$9/1,000 gallons thereafter.

A motion is made by Councilman Wellauer and seconded by Councilman Rizzo to approve the water rate increase as presented by Water Superintendent LaPointe effective May 1, 2023 of \$67.50 for the first 7,500 gallons and \$9/1,000 gallons thereafter. - k. **Committees** -

Parks & Rec - Carla LaPointe appeared on behalf of the committee. She advised their main goal is to expand the playground. The Committee has had two meetings. The trails are mowed by the Highway Department. She presented the Board with a November 2022 estimate for playground equipment from Parkitects in the amount of \$30,821.

Landscape Architect Scott Freeman from Keplinger Freeman, appearing remotely, went over his Proposal for Services for the Town Park. His proposal is for a master plan, i.e., parking, restrooms, buildings, water, etc. He advised that for ADA Compliance, there should be an accessible route from the parking lot to the playground.

Supervisor Blair asked for an updated estimate and to have the ADA Compliant regulations included as well, including access from the parking lot to the playground. While the prior Board earmarked \$75,000 from ARPA to be used for the park, and not put into a budget line item, this will need to be verified.

Supervisor Blair advises a master plan is necessary and the Committee will return with an updated quote next month. The Committee will also speak with the State Park regarding possible grant money.

Hospitality Lodging Overlay District - Councilman Rizzo advised the Committee went over all uses allowed in the District and reviewed the recent public input. The next meeting is May 2nd and the public is welcome to attend.
