## 1.0 BACKGROUND & PURPOSE

On April 26, 2022, the Cayuga County Legislature, upon approval of Legislative Resolution 182-22, allocated Five Hundred Thousand Dollars (\$500,000.00) of the County’s awarded Coronavirus State and Local Fiscal Recovery Funds (“CSLFRF”) from the American Rescue Plan Act (ARPA) to establish a term-limited, small business grant program to financially assist small businesses within the County that suffered negative economic impacts from the COVID-19 Pandemic (*these funds are allocated under Expense Category (EC) No. 2 Negative Economic Impacts as defined in the CSLFRF authorizing statute*).

Cayuga County opened Round 1 of the Grant Program in November of 2022 and issued Grant Award notices to Cayuga County Small Business applicants in early 2023. Round 1 resulted in grant awards to 37 businesses for a total of approximately \$300,000, leaving a balance of ~\$200,000 to distribute in Round 2.

The County is pleased to re-issue this “Round 2” request for grant applications to the County’s small business community, using the same eligibility, award levels and grant review criteria as Round 1.

The purpose of the re-issued Request for Applications and Program Policy Document is to:

- Outline the County Coronavirus Small Business Assistance Grant Program (“Grant Program”) with information helpful to small businesses interested in preparing and submitting a grant application to the County program, by including information on the program’s intent, business eligibility, application preparation and submission requirements, and the application review and award criteria.
- Provide a concise Application Form for small business applicants to complete, ensuring that the application is easy to fill out and limits submission of required information to business information needed to address specific review criteria (note: the Application Form is appended to the end of this document).

The goal of the County Grant Program is to assist the maximum number of small businesses in Cayuga County within the balance of resources provided by the County Legislature. The County Legislature wants to ensure that the allocation of County Grant Funds from the American Rescue Plan Act provides a degree of relief for our small business community and supports our local economy as businesses continue to recover from the negative economic impacts of the Pandemic. In allocating these funds, it is the intent of the Cayuga County Legislature to distribute the funds to small businesses in an objective, equitable and accountable manner on behalf of the citizens of Cayuga County.

Through this program, the County will allocate and distribute grant funds to eligible small businesses, based on submitted applications and qualifications that demonstrate negative financial impacts from the Pandemic during the two-year time period starting on or after January 1, 2020 and extending to December 31, 2021. Accordingly, Small Business Assistance Grants may be used to cover or reimburse documented economic business losses incurred during this time period.

## 2.0 FUNDING AWARD LIMITS:

The Cayuga County Legislature has allocated \$500,000 for this Small Business Assistance Grant Program, with an approximate balance of \$200,000 available for Round 2. The maximum grant award for any single applicant business is \$10,000. The County anticipates that requests for Round 2 grant funds, in terms of total applications received and total grant funds requested, may exceed the available balance of \$200,000. In order to widely and equitably distribute these grant funds to the County's small business community, the county may allocate less than the maximum single-applicant award of \$10,000 to individual businesses, to be determined on a case-by-case basis.

Grant Awards may be made to qualified small businesses located throughout the County, following application intake and processing, with subsequent review and recommendations for grant awards made by a 5-member Award Review and Selection Committee established by the County. These are full grants with no matching funds required. Awards will be made through the execution of a Grant Agreement between the awarded small business and the County. Awards will be provided in a one-time payment.

Awarded small businesses will be required, through the Grant Agreement, to provide to the County evidence of expenditures and outcomes through a one-time, end of program report that will contain the following information:

- How the awarded funds were utilized and expended;
- How the awarded funds helped the business survive and/or grow; and
- How the awarded funds affected business revenue generation.
